Smith's

CHEMICAL RESISTANT POLYURETHANE

HI-WEAR 90S

Low Sheen CRU Topcoat

3-Component, High Traffic, Low Sheen Topcoat

As a high traffic topcoat in:

- Production areas
- Forklift / pallet traffic aisleways
- Loading Docks
- Chemical exposure environments such as
  - Cutting oils & hydraulic fluids
  - Caustics & many acids
  - Solvents
- Slightly textured low sheen finish
  - Improves light reflectivity while minimizing traffic pattern development
- Non-Yellowing
- Low Odor & Low VOC's
